How to add a presentation/note/article to the course?

The screenshot shows the course dashboard for YU-LEARNT. On the left is a navigation menu with options like 'Participants', 'Badges', 'Competencies', 'Grades', and 'Course sections'. The main content area displays course information, including 'Duyurular', 'YU-LEARNT', 'FAQs', and 'YU101 - Fall 2021 - Att'. On the right, a 'Course administration' sidebar is visible. A red box with the number '1' highlights the 'Turn editing on' button in the top right corner of the course page.

- 1- After selecting the relevant course from the left menu and reaching the main page of the course, click the **“Turn Editing On”** button on the right.

The screenshot shows the course editing screen. The left navigation menu is visible. The main content area shows a list of weeks: 'Week 1' and 'Week 2'. A red box with the number '2' highlights the 'Add an activity or resource' button located below the 'Week 1' section. The 'Turn editing off' button is visible in the top right corner.

- 2- After you reached the editing screen, go to the relevant week or topic, and click on the **“Add An Activity Or Resource”** button.

- 3- In the new window, select the **“All”** section and then the activity/resource that you want to add from the menu that is opened below.

- ✓ You can add assignments, books, articles, books, assignments, quizzes from the options on this tab. You should put the necessary content in the pop-up window of the related activity/resource when you click and then just click the **“Save”** button.
- ✓ **Note:** You can add the activity/resources either directly into the course or to the sections you have created by creating sections in the form of week name or topic title. You can sort all the content/weeks/topics as you wish after you have created them once.
